

Extra Mile Award

This award is presented to
Janet Carlson

for going above and beyond for ABC Medical Center

Janet was a delight to speak with. She had a bubbly personality and a willingness to help. She was understanding and gave me thorough information. She spoke clearly and her diction was excellent. She also volunteered the spelling of her name. She used pleasantries liberally and maintained an excellent professional image. Based on the great interaction, I have rated this call as Completely Satisfactory and believe she deserves the Extra Mile Award. It would be a delight to schedule an appointment with her should the need arise.

Laurie Lee Welling - Chief Executive Officer
